

MIF THAMMASAT

MASTER OF SCIENCE PROGRAM IN FINANCE (INTERNATIONAL PROGRAM)

EXCELLENCE IN FINANCIAL EDUCATION
AND INNOVATIONS

ABOUT MIF

The Master in Finance Program at Thammasat Business School (TBS) is a part-time program providing an opportunity for students enrolling to continue their full-time careers during a two-year study. Classes are held in selected evenings and during weekends.

The courses combine theory and application in finance for people seeking careers in wealth management, risk management, investment banking, equity analysis, corporate finance, or regulating financial markets. Students will have the opportunity to study or work with professionals from the industry and academia.

PROGRAM HIGHLIGHTS

1. MIF is designed to meet the needs of professionals with both finance and non-finance backgrounds who are thinking about moving into or acquiring further in-depth expertise in the area of finance. Various optional pre-courses in mathematics, statistics, accounting, and economics are provided for those without background or needing a refresher course.
2. Area electives allow students to develop a specialization toward meeting their career preferences.
3. MIF regularly organizes public lectures and alumni networking events to build strong connections with top finance professionals and financial institutions.
4. MIF students can participate in the exchange program with other universities around the world with TBS partnership.
5. MIF provides small class size and opportunities to work closely on independent studies with academic faculty.

STUDY PLAN

Pre-course (non-credit)	-
Core course	28 Credits
Elective course	8 Credits
Independent study	6 Credits
	42 Credits
